The Power of “THIS TOO SHALL PASS”

by WOW Founder Carolyn Shannon

Often used when working through difficult circumstances in life this is my most ‘go to’ daily statement when a negative thought or issue presents itself to me. First thought to be from the Bible, the origin isn’t definitive although there are 2 researched possibilities born out of Persia or Jewish folklore. No matter where it came from, the AMAZING power of it remains the same.

As a baby I experienced many short cycles of pure joy, peacefulness mixed with pain and sometimes RAGE. In mid cry I could easily break the cycle long enough to smile or outright laugh when distracted by a stuffed toy or silly adult making a face or funny sound.

When I fell into a water hole at a beach near Barrie after being chased by a pair of “Weiner” dogs at the age of four I laid there for what seemed hours. Luckily it had very little water in it due to a hot spell so once I came to, I simply laid back looked at the sky and wondered if I would ever be found. No one, not even my sister who was running ahead of me had seen me disappear into the hole. I remember thinking I was going to die there or never be able to move again if I were found.

Eventually, I was found, lifted, carried and gently placed on our picnic blanket. Of course, I was crying my heart out, that is until I was offered one of my favourite treats. Then I literally forgot about my trauma for the rest of the day. In just a matter of hours, I had experienced a myriad of fearful emotions and thoughts that passed to be replaced by relief and even joy.

*I am not sure when I heard these words for the first time. I just know they STUCK more and more with each year of maturity. During my teens the bad and uncomfortable cycles seemed to last way too long. Not so easily distracted I became more self focused. I believed that whatever was happening in the moment would never end. Even a pimple or bad hair day could set me back for days when I was a young adolescent. Like many at this age, and for years to come I felt that once I stepped onto a downhill cycle I would be there forever. Yet **THIS Too DID Pass.***

Cancer survivors at any age may feel this as they go into a remission cycle filled with new joy and appreciation for life and those who have been where they are. The previous horrible cycle of discovery, treatment and recovery is often appreciated as a time of learning to love themselves again.

*After health scares, losses and emotional rollercoaster rides, I began to look back and reflect on all the horrible experiences I thought would never end. **THEY DID!** Often a memory will reacquaint me with old feelings that need to be released and that is okay. Doing so takes away the power they have to do more damage when stuffed down inside.*

*They may return or be replaced by others due to the Cycle of Life. I have no doubt of that. I continue to look for and appreciate times of joy, laughter and love more because I have lived through painful moments. **I truly trust that when anything challenges my peace again... “THIS TOO SHALL PASS”. Praying this pandemic will pass soon too.***

Well 2020 is over...

And although we will still feel the effects continue throughout this year, maybe it has even given us the opportunity to learn, grow and most of all...

Truly RESPECT the RIGHTS of Others to be EQUAL & WELL

Some did, some didn't and that was reflected in the need to lockdown in so many countries even with the vaccines available. Caution this year... FREEDOM for years to come. Let's Do It Together!

I have always felt that as humans we are here to experience life. It is not the amount or degree of traumas or dramas that determine our life's outcome...it is how we evolve with each experience, good or bad.

I WELCOME ALL Past, Present & Potential WOW Gals, WOW Gal Tribute and Pet Angel Tribute contributors to this WOW Gal Celebration. It will be filled with Light, Laughter, Colour and Meaningful Connections with Our "Soul" Sisters. YOU honour US ALL just by being a part of this FUN and INSIGHTFUL Day or Our Women of Worth (Online) Magazine.

EVERY WOMAN has a WOW Gal Story. In fact we have many rebirths in one lifetime. Feel free to submit one.

Women of Worth Magazine Founder, Carolyn Shannon

And I also want to introduce you to our Master of Ceremonies of this AMAZING Anniversary WOW GAL Celebration Event.

Please welcome Brenda Toth who sparkles inside and out. She is President of Garden City Toastmasters, Branch Manager of The Stone Centre. Brenda is an educator and shopping assistant with a health and wellness company.

Spiritual Niagara

Raising the Vibration in Niagara

There is more to Niagara than meets the eye.

As an enormous energy vortex, the crashing waters of Niagara Falls release massive amounts of negative ions purifying the air and creating an environment that is conducive to healing and well-being.

Spiritual Niagara is a community of energy workers, healers, life coaches, artists, readers and lightworkers offering their services and workshops in the Niagara area. We work amongst this natural energy vortex and strive to raise the vibration in Niagara. Our desire is to keep your life in balance by offering a range of alternative modalities and to assist you in becoming your authentic self.

To meet our members, make an appointment, check out our event calendar or receive our monthly newsletter, please visit our website. www.spiritualniagara.ca

Why your involvement and support is so vital to Wellspring Niagara?

"Life and cancer doesn't end at the hospital and Wellspring Niagara is always here for us. We feel very fortunate to have it in our lives." -- Wendy Gauthier, Wellspring Niagara Member

Women of Worth Magazine Online Silent Auction

On behalf of **Wellspring Niagara Cancer Support Foundation**, thank you for choosing our organization and making our charity one of the recipients of the **Women of Worth Magazine Online Silent Auction** running from **March 1-28, 2021**. Money raised from this auction will directly benefit the many cancer support programs and services, offered free of charge, to the people of Niagara who are impacted by cancer in their lives.

Wellspring Niagara is a Regional Cancer Support Centre that offers free social, emotional, psychological, rehabilitative and informational support to people coping with the realities of cancer every day. A not-for-profit charitable organization, **Wellspring Niagara** opened its doors in June 2001 and serves residents from all across the Niagara Region. Every year since, **Wellspring Niagara** has raised the funds required for its operations because of the generous financial and voluntary support received from the people and businesses in Niagara - the community we serve.

Wellspring Niagara receives **NO** government funding and is not supported by any other cancer-related organization. We rely solely on the financial support of the community we serve, where 100% of the proceeds we raise stay in the Niagara Region. **As Niagara's only cancer support centre**, the demand for our programs and services are at an all-time high, with new needs continuing to emerge. In order for Wellspring Niagara to continue meeting this ever-growing need, we must raise the necessary funds to provide quality-based programming to those we are serving today and will serve in the future. Our new home, located at 50 Wellspring Way in Fonthill, currently offers over 45 free programs and services that have been a lifeline for hundreds of people each year. **Wellspring Niagara** has grown from registering **700 attendances in 2001** (73 people) to registering **6,731 attendances** (980 people) in 2019.

Wellspring Niagara programs and services include, but not limited to:

- **Individual & Group Support** (patient, caregiver and bereaved)
- **Coping Skills** (Yoga, Qi Gong, Tai Chi, Relaxation for Self-Care)
- **Expressive Therapies** (Art Therapy, Drumming, Quilting, Life Writing)
- **Nourish Programs** (Expert-led Nutrition-based Educational Workshops)
- **Cancer Exercise** (restoring and improving the physical well-being of individuals who are undergoing or have completed cancer treatment)
- **Children's Programs** (child and teen counselling, support for pediatric oncology patients, and children who have family member with cancer)

We hope that the generosity from corporate friends of gifts-in-kind, will help you with the resources needed for a successful fundraising auction. Through their generous support they will be making a positive impact in our community and to the hundreds of families that make use of our services.

Again, thank you for your consideration. If you require further information, please do not hesitate to contact Phil Gourlay, Development Officer, Events & Community Outreach at 905-684-7619.

Together, we will continue to build hope for those living with cancer in Niagara.

Sincerely,

Ann Mantini-Celima

WOMEN'S PLACE
NOVA HOUSE • SERENITY PLACE

Women's Place is pleased to be one of the two charities chosen to be a recipient of your fundraising efforts aligned with your 10 year celebration! The 40-45% of the proceeds raised from your Women of Worth Magazine Online Silent Auction running from March 1-28, 2021 will directly benefit women and children in Niagara affected by domestic abuse.

Women's Place of South Niagara provides essential life services by assisting thousands of women whose lives have been devastated by violence. The programs and services that your donation will support include; safe shelter, counselling for women and their children, legal advocacy, transitional housing and support, as well as child and youth programs. In 2019/2020, our shelters received 3,309 supports calls, provided safe shelter to 314 women and children and assisted hundreds of additional women and children through our outreach programs and services. These programs and services were only possible because of you and generous donors like you.

Although Women's Place receives approximately 68% of our funding through the Ministry of Social Services, there still presents a significant gap of over \$550,000 to fundraise to maintain the services that are currently offered. It is vital that this goal is met to ensure that there is always a place for Women and children to turn to when they are in need. **Your gift will provide hope and help for children dealing with and healing from the trauma they have experienced.**

Thank you in advance for your efforts and partnership!
